

**NINETEENTH CONGRESS OF THE  
REPUBLIC OF THE PHILIPPINES**  
*First Regular Session*

)  
)  
)

23 MAY 31 12:25

**SENATE**

Senate Bill No. 2267

RECEIVED BY: \_\_\_\_\_

**(In substitution of Senate Bill Nos. 151, 177, 989 and 1746)**

---

Prepared by the Committees on Energy; Environment, Natural Resources and Climate Change; Ways and Means; and Finance with Senators Sherwin T. Gatchalian, Francis "Tol" Tolentino, Ramon "Bong" Revilla Jr., Juan Miguel "Migz" F. Zubiri, and Raffy T. Tulfo as authors thereof

---

**AN ACT  
ESTABLISHING A NATIONAL ENERGY POLICY AND REGULATORY  
FRAMEWORK FOR FACILITIES UTILIZING WASTE-TO-ENERGY  
TECHNOLOGIES**

*Be it enacted by the Senate and the House of Representatives of the Philippines in Congress assembled:*

1           SECTION 1. *Short Title.* - This Act shall be referred to as the "Waste-to-Energy  
2 Act".

- 3
- 4           Sec. 2. *Declaration of Policy.* -It is hereby declared the policy of the State to:
- 5           (a) Ensure protection of the public's health and the environment through a  
6           systematic and comprehensive ecological solid waste management program;
- 7           (b) Strengthen its commitment to solid waste avoidance and volume reduction by  
8           supplementing the latter with other solid waste management treatment  
9           technologies to include waste-to-energy;
- 10          (c) Encourage the development and utilization of environmentally sustainable new  
11          and alternative technologies in resource recovery, resource conservation,  
12          processing, treatment, and disposal of solid waste, such as waste-to-energy  
13          facilities;

- 1 (d) Support the utilization of waste-to-energy facilities in order to attain sustainable  
2 energy and energy security;
- 3 (e) Strengthen the integration of solid waste management, waste-to-energy  
4 promotion, and environmental protection towards healthful cities amidst  
5 economic growth and development; and
- 6 (f) Promote collaboration, cooperation, and participation of various sectors in  
7 coordinated approaches to solid waste management and waste treatment  
8 technology towards national development and jobs creation.

9

10 *Sec. 3. Scope and Application.* – This Act shall apply to all local government  
11 units (LGU) and waste-to-energy (WTE) facilities.

12

13 *Sec. 4. Definition of Terms.* - For purposes of this Act, the following terms  
14 shall be defined as stated below:

15 (a) *Agricultural waste* refers to waste generated from planting or harvesting of  
16 crops, trimming or pruning of plants, and wastes or run-off materials from  
17 farms or fields;

18 (b) *Biomedical waste or hazardous healthcare waste* refers to waste from  
19 healthcare facilities that may pose a variety of environmental and health  
20 risks. It can be further classified into sharps waste, infectious waste,  
21 pathological and anatomical waste, pharmaceutical waste, genotoxic waste,  
22 chemical waste, radioactive waste, and pressurized containers as defined  
23 by the Department of Health (DOH);

24 (c) *City or Municipal Solid Waste Management Board* refers to the entity  
25 established by each city or municipality pursuant to Section 12 of Republic  
26 Act No. 9003, otherwise known as the Ecological Solid Waste Management  
27 Act of 2000, as amended;

28 (d) *Chemical and industrial waste* refers to discarded solid, liquid, or gaseous  
29 chemicals from laboratories, industrial establishments, or other sources  
30 such as diagnostic and experimental work, environmental work, cleaning,  
31 housekeeping, and disinfecting procedures;

- 1 (e) *Clustering* is a strategy of pooling available resources of local government  
2 units (LGUs) for the establishment of a common solid waste management  
3 treatment facility or service;
- 4 (f) *Collection* refers to the act of removing solid waste from the source or from  
5 a communal storage point;
- 6 (g) *Disposal* refers to the deposit, or placing of any solid waste into an approved  
7 disposal site pursuant to Republic Act No. 9003, as amended;
- 8 (h) *Disposal site* refers to a facility where solid waste is finally deposited and  
9 placed pursuant to Republic Act No. 9003, as amended;
- 10 (i) *Emission* means any air contaminant, pollutant, gas stream, or unwanted  
11 sound from a known source which is passed into the atmosphere;
- 12 (j) *Hazardous waste* refers to substances that are without any safe commercial,  
13 industrial, agricultural, or economic usage. It also includes those which are  
14 shipped, transported, or brought from the country of origin for dumping or  
15 disposal into or in transit through any part of the Philippines. It shall also  
16 refer to by-products, side-products, process residues, spent reaction media,  
17 contaminated plant or equipment, or other substances from manufacturing  
18 operations and as a customer discard of manufactured products, or a  
19 combination of solid waste which, because of its quantity, concentration,  
20 physical, chemical, or infectious characteristics, may:
- 21 (i) Cause or significantly contribute to an increase in mortality or an increase  
22 in a serious irreversible or incapacitating reversible illness, or
- 23 (ii) Pose a substantial present or potential hazard to human health or the  
24 environment when improperly treated, stored, transported, or disposed of,  
25 or otherwise managed;
- 26 (k) *Incineration in a WTE facility* refers to a waste treatment and resource  
27 recovery technology that involves the controlled combustion of waste  
28 materials for the purpose of recovering energy from it, and whose emissions  
29 and effluents are compliant with the guidelines pursuant to this Act and  
30 other relevant laws, rules, and regulations;
- 31 (l) *Local Government Solid Waste Management Plan* refers to the ten (10) year  
32 solid waste management plan, consistent with the National Solid Waste

1 Management Framework, prepared by the LGUs pursuant to Section 16 of  
2 Republic Act No. 9003, as amended;

3 (m) *Municipal waste* refers to waste produced from activities within LGUs which  
4 include a combination of domestic, commercial, institutional, and industrial  
5 wastes and street litters pursuant to Republic Act No. 9003, as amended;

6 (n) *National Solid Waste Management Commission (NSWMC)* refers to the body  
7 created and primarily tasked with overseeing the implementation of solid  
8 waste management plans and prescribing policies to achieve the objectives  
9 of Republic Act No. 9003, as amended;

10 (o) *National Solid Waste Management Framework* refers to a document  
11 prepared by the NSWMC based on the National Solid Waste Management  
12 Status Report pursuant to Section 15 of Republic Act No. 9003, as amended;

13 (p) *National Solid Waste Management Status Report* refers to a document  
14 prepared by the Department of Environment and Natural Resources  
15 (DENR), which is used as a basis in formulating the National Solid Waste  
16 Management Framework pursuant to Section 14 of Republic Act No. 9003,  
17 as amended;

18 (q) *Poisonous and toxic fumes* means any emissions and fumes which are  
19 beyond internationally accepted standards, including but not limited to the  
20 World Health Organization (WHO) air quality guidelines, as provided in  
21 Republic Act No. 8749, otherwise known as the Philippine Clean Air Act of  
22 1999;

23 (r) *Processing fee* refers to the amount paid to avail of the services of a waste-  
24 to-energy facility as defined herein;

25 (s) *Provincial Solid Waste Management Board* refers to the entity established  
26 by each province pursuant to Section 11 of Republic Act No. 9003, as  
27 amended;

28 (t) *Residue* refers to substances that remain after a process in a waste-to-  
29 energy facility such as preparation, separation, purification, evaporation,  
30 combustion, distillation, or filtration;

1 (u) *Resource recovery* refers to the collection, extraction, or recovery of  
2 recyclable materials from the waste stream for the purpose of recycling,  
3 generating energy, or producing a product suitable for beneficial use;

4 (v) *Sanitary landfill* refers to a waste disposal site designed, constructed,  
5 operated, and maintained in a manner that exerts engineering control over  
6 significant potential environment impacts arising from the development and  
7 operation of the facility pursuant to Republic Act No. 9003, as amended;

8 (w) *Segregation* refers to a solid waste management practice of separating  
9 different materials found in solid waste in order to promote recycling and  
10 re- use of resources, facilitate waste treatment processes, and to reduce  
11 the volume of waste for collection and disposal pursuant to Republic Act No.  
12 9003, as amended;

13 (x) *Solid waste* refers to all discarded household waste, commercial waste, non-  
14 hazardous institutional and industrial waste, street sweepings, construction  
15 debris, agricultural waste, and other non-hazardous or non-toxic solid  
16 waste. It shall not include:

17 (i) Waste identified or listed as hazardous waste of a solid, liquid,  
18 contained gaseous, or semisolid form, which may cause or contribute to  
19 an increase in mortality or in serious or incapacitating reversible illness,  
20 or acute or chronic effect on the health of persons and other organisms,

21 (ii) Infectious waste from hospitals such as equipment, instruments,  
22 utensils, and fomites of a disposable nature from patients who are  
23 suspected to have or have been diagnosed as having communicable  
24 diseases and must therefore be isolated as required by public health  
25 agencies, laboratory wastes as pathological specimens, and disposable  
26 fomites that may harbor or transmit pathogenic organisms, and surgical  
27 operating room pathologic materials from outpatient areas and  
28 emergency rooms, and

29 (iii) Waste resulting from mining activities, including contaminated soil  
30 and debris;

31 (y) *Solid waste management treatment facility* refers to any resource recovery  
32 system or component thereof; any system, program or facility for resource

- 1 conservation; or any facility for the collection, source separation, storage  
2 transportation, transfer, processing, treatment, or disposal of solid waste;
- 3 (z) *Solid waste management* refers to the discipline associated with the control  
4 of generation, storage, collection, transfer and transport, processing, and  
5 disposal of solid wastes in a manner that is in accord with the best principal  
6 of public health, economics, engineering, conservation, aesthetics, and  
7 other environmental considerations, and that is also responsive to the public  
8 attitudes;
- 9 (aa) *Waste* refers to any material misplaced, unused or rejected by persons as  
10 worthless or unwanted. It includes, among others, agricultural, biomedical,  
11 chemical and industrial, hazardous, municipal, and solid wastes;
- 12 (bb) *Waste-to-Energy (WTE)* refers to an energy system with a process of  
13 converting WTE feedstock with various technologies, usually the conversion  
14 of non-recyclable waste materials into usable heat, electricity, or fuel  
15 through a variety of processes;
- 16 (cc) *WTE facility* refers to the facility where the WTE operations are conducted;
- 17 (dd) *WTE feedstock* refers to the waste materials with calorific-value that are  
18 taken in for WTE processing in a WTE facility;
- 19 (ee) *Waste generation* refers to the act or process of producing solid waste; and  
20 (ff) *WTE strategy* refers to a plan of action with measurable targets for the  
21 utilization of WTE facilities for solid waste management treatment and  
22 energy production.

23  
24 **Sec. 5. *Waste-to-Energy and Waste-to-Energy Facility.*** - WTE shall be classified  
25 as another kind of renewable energy resource. A WTE facility shall:

- 26 (a) Be both a solid waste management treatment facility and an energy  
27 production facility;
- 28 (b) Comply with establishment and operation guidelines for WTE facilities  
29 pursuant to Sections 6(c), 8(c), and 9(b) of this Act;
- 30 (c) Ensure the proper management of its residue which should conform to  
31 relevant laws, rules, and regulations and should include making  
32 arrangements with a sanitary landfill, or developing its own, prior to its

1 operations, as a disposal site for any residue generated from its operations  
2 in accordance with NSWMC, DENR, and DOH guidelines issued pursuant to  
3 this Act; and

4 (d) Comply with relevant laws, rules, and regulations including but not limited  
5 to Presidential Decree No. 1586 Establishing an Environmental Impact  
6 Statement System, Republic Act No. 6969 otherwise known as the Toxic  
7 Substances and Hazardous and Nuclear Waste Act, Republic Act No. 7638  
8 otherwise known as the Department of Energy Act of 1992 as amended,  
9 Republic Act No. 8749, Republic Act No. 9003, as amended, Republic Act  
10 No. 9136 otherwise known as the Electric Power Industry Reform Act of  
11 2001, Republic Act No. 9275 otherwise known as the Philippine Clean Water  
12 Act of 2004, Republic Act No. 9367 otherwise known as the Biofuels Act of  
13 2006, Republic Act No. 9513 otherwise known as the Renewable Energy Act  
14 of 2008, Republic Act No. 11223 otherwise known as the Universal Health  
15 Care Act, and WHO Guidelines on Air Quality

16 All waste treatment technologies in a WTE facility shall be allowed including  
17 incineration: *Provided*, that these technologies shall not emit toxic and poisonous  
18 fumes into the environment, operate in compliance with best available techniques  
19 and/or best existing practice for preventing and controlling pollution from waste  
20 treatment, and shall comply with all the laws mentioned hereof and other relevant  
21 laws, rules, and regulations.

22 In addition to the provisions of this Act, the segregation, collection, transfer,  
23 storage, and transport of solid waste as WTE feedstock for a WTE facility, and the  
24 waste treatment process of the WTE facility shall be governed by Republic Act No.  
25 9003, as amended, and Republic Act No. 8749, while the energy production aspect of  
26 the WTE facility shall be governed by Republic Act No. 7638, Republic Act No. 9136,  
27 Republic Act No. 9367, Republic Act No. 9513, and other relevant laws, rules, and  
28 regulations.

29 *Sec. 6. The National Solid Waste Management Commission.* - The Secretary of  
30 the Department of Energy shall serve in ex officio capacity as member of the National  
31 Solid Waste Management Commission (NSWMC), which shall now have fifteen (15)  
32 members comprising of nine (9) members from the government sector and six (6)

1 members from the private sector. In addition to its powers and functions under  
2 Republic Act No. 9003, as amended, the NSWMC shall:

- 3 (a) Include a WTE strategy in the National Solid Waste Management Framework;
- 4 (b) Act as the lead agency in ensuring streamlined standards, criteria, and  
5 guidelines for WTE facilities to avoid inconsistent and conflicting issuances;
- 6 (c) Regularly determine, review, and publish the following:

7 (i) Standards, criteria, and guidelines for:

- 8 1. Determination of the feasibility of integrating a WTE strategy in  
9 the Local Government Solid Waste Management Plan, taking into  
10 account the volume of WTE feedstock that may be generated from  
11 municipal waste in an LGU or clusters thereof;
- 12 2. Characterization and composition of solid waste utilized as WTE  
13 feedstock for WTE facilities to ensure emissions are compliant with  
14 Republic Act No. 8749 and other relevant laws, rules, and  
15 regulations,
- 16 3. Transport, storage, and pre-processing of WTE feedstock,
- 17 4. Pre-operation, siting, design, operation, and maintenance of WTE  
18 facilities,
- 19 5. Quality control and operational control of WTE facilities,
- 20 6. Management of residue from WTE facilities, if any;
- 21 7. Pollution abatement, emissions monitoring, environmental  
22 monitoring, and public health and safety monitoring in relation to  
23 WTE facilities,
- 24 8. Decommissioning, closure, and abandonment of WTE facilities,  
25 and
- 26 9. Other guidelines pursuant to relevant laws, rules, and regulations,  
27 and

28 (ii) Minimum standards, criteria, and guidelines, in determining a fair, equitable,  
29 and reasonable processing fee for WTE facilities taking into consideration,  
30 among others, the cost of construction, operation, and maintenance of the  
31 facility as well as the potential revenue from the sale of energy output, in  
32 consultation with relevant government agencies, experts, and stakeholders;

1 (d) Consolidate and make available to the public, through its website and any  
2 online means, the following:

3 (i) Current and potential uses of WTE facilities in relation to solid waste  
4 management;

5 (ii) Inventory of existing WTE facilities;

6 (iii) General feedstock characterization;

7 (iv) Status and projection of feedstock generation;

8 (v) Specific locations of potential feedstock and WTE facilities; and

9 (vi) Other relevant information

10 (e) Provide policy guidelines to assist LGUs in the development of WTE facilities to  
11 include the determination of the potential of WTE facilities in their respective  
12 localities;

13 (f) Ensure LGUs incorporate a WTE strategy, if feasible, in their respective Local  
14 Government Solid Waste Management Plans;

15 (g) Identify and recommend potential clustering of LGUs for a common WTE facility  
16 in accordance with the standards to be set forth in the Implementing Rules and  
17 Regulations;

18 (h) Coordinate with the Provincial, City, and Municipal Solid Waste Management  
19 Boards especially for clustered LGUs employing a common WTE facility; and

20 (i) Perform all other acts that are analogous to the foregoing, which are necessary  
21 and incidental to accomplish the policy objectives of this Act.

22  
23 *Sec. 7. Role of the Department of Energy.* - In addition to its powers and  
24 functions under Republic Act No. 7638, the Department of Energy (DOE) shall:

25 (a) Issue permits to WTE facilities based on the energy output, and determine the  
26 standards, criteria, and requirements applicable for each kind of WTE facility  
27 pursuant to Republic Act No. 7638, Republic Act No. 9136, Republic Act No.  
28 9367, Republic Act No. 9513, and other relevant laws, rules, and regulations;

29 (b) Include a WTE strategy in the Philippine Energy Plan, taking into consideration  
30 the National Solid Waste Management Framework;

31 (c) Regularly submit to the NSWMC and make available to the public, especially to  
32 potential WTE investors, national and local information on the following:

- 1 (i) Current and potential uses of WTE facilities in relation to solid waste  
2 management,  
3 (ii) Inventory of existing WTE facilities, and  
4 (iii) Other relevant information; and  
5 (d) Perform all other acts that are analogous to the foregoing, which are necessary  
6 and incidental to accomplish the policy objectives of this Act.

7 *Sec. 8. Role of the Department of Environment and Natural Resources.* - In  
8 addition to its powers and functions under Republic Act No. 9003, as amended, and  
9 Republic Act No. 8749, the DENR shall:

- 10 (a) Include a WTE strategy, if feasible, in the National Solid Waste Management  
11 Status Report;  
12 (b) Provide technical and other capacity building assistance and support to LGUs  
13 based on the policy guidelines created by the NSWMC pursuant to Section 6(e)  
14 of this Act;  
15 (c) Implement and revise, when necessary, together with the DOH, existing  
16 guidelines issued pursuant to Republic Act No. 9003, as amended, on waste  
17 transport, pre-operation, waste acceptance, waste storage, pre-processing of  
18 waste, quality control, operational control, pollution abatement, management  
19 of residue, emissions monitoring, environmental monitoring, public health and  
20 safety monitoring, decommissioning, closure, and abandonment, among  
21 others, taking into account the NSWMC's standards, criteria, and guidelines  
22 under Section 6(c) of this Act and other relevant laws, rules, and regulations,  
23 and in consultation with relevant stakeholders;  
24 (d) Ensure compliance with Section 8(c) of this Act to include continuous  
25 monitoring and testing of by-products of WTE facilities;  
26 (e) Make available to the public, through its website and any online means, the  
27 emissions, effluents and other by-products of WTE facilities;  
28 (f) Investigate, motu proprio or upon complaint, reports of non-compliance of WTE  
29 facilities with the provisions of this Act and other relevant laws, rules, and  
30 regulations;

1 (g) Exercise visitorial and enforcement powers to ensure strict compliance of WTE  
2 facilities with this Act, Republic Act No. 9003, as amended, Republic Act No.  
3 8749, and other relevant laws, rules, and regulations;

4 (h) Recommend to the NSWMC policies to address challenges of WTE facilities from  
5 a solid waste management perspective; and

6 (i) Perform all other acts that are analogous to the foregoing, which are necessary  
7 and incidental to accomplish the policy objectives of this Act.

8 *Sec. 9. Role of the Department of Health.* - In addition to its existing powers  
9 and functions, the DOH shall:

10 (a) Ensure all WTE facilities undergo a Health Impact Assessment, pursuant to  
11 Republic Act No. 11223 and Presidential Decree No. 1586, as part of the  
12 Environmental Impact Assessment System, to be jointly reviewed and approved  
13 by the DOH and DENR prior to construction and operation;

14 (b) Implement and revise, when necessary, together with DENR, existing  
15 guidelines issued pursuant to Republic Act No. 9003, as amended, on waste  
16 transport, pre - operation, waste acceptance, waste storage, pre-processing of  
17 waste, quality control, operational control, pollution abatement, management  
18 of residue, emissions monitoring, environmental monitoring, public health and  
19 safety monitoring, decommissioning, closure, and abandonment, among  
20 others, taking into account the NSWMC's standards, criteria, and guidelines  
21 under Section 6(c) of this Act and other relevant laws, rules, and regulations,  
22 and in consultation with relevant stakeholders;

23 (c) Regularly conduct an analysis of the effects of WTE facilities and disposal sites  
24 on public health and submit the same to the NSWMC for consolidation, and  
25 DENR for proper action, if applicable;

26 (d) Undertake research on the public health impact of WTE facilities together with  
27 government agencies, the academe, and private stakeholders;

28 (e) Make available to the public, through its website and any online means, studies  
29 and analyses of the effects of WTE facilities and disposal sites on public health;  
30 and

31 (f) Perform all other acts that are analogous to the foregoing, which are necessary  
32 and incidental to accomplish the policy objectives of this Act.

1           Sec. 10. *Role of Local Government Units.* - In addition to their powers,  
2 functions, and responsibilities under Republic Act No. 7160 otherwise known as the  
3 Local Government Code of 1991, and Republic Act No. 9003, as amended, LGUs shall:

4           (a) In the case of a city or municipality and if applicable, be responsible for the  
5           hauling of WTE feedstock to a WTE facility;

6           (b) In the case of a province and if applicable, provide necessary logistical and  
7           operational support for the processing of WTE feedstock in a WTE facility;

8           (c) Include a WTE strategy, if feasible, in their respective Local Government Solid  
9           Waste Management Plans;

10          (d) Comply with the standards, criteria, and guidelines on WTE feedstock and WTE  
11          facilities pursuant to Sections 6(c), 8(c), and 9(b) of this Act, if applicable; and

12          (e) Be authorized to enter into and shall comply with all obligations under the  
13          following:

14           (i) Clustering arrangements with other LGUs for a common WTE facility, on  
15           their own or upon recommendation of the Provincial Solid Waste  
16           Management Board or the NSWMC: Provided, That the province shall have  
17           the power to cluster component cities and municipalities based on the  
18           NSWMC approved provincial and local solid waste management plans and  
19           the recommendation of the NSWMC pursuant to Section 6(g) of this Act,

20           (ii) Long term contracts with WTE facilities, on their own or with clustered  
21           LGUs, and

22           (iii) Public private partnerships pursuant to Republic Act No. 6957 otherwise  
23           known as An Act Authorizing the Financing, Construction, Operation and  
24           Maintenance of Infrastructure Projects by the Private Sector, and For Other  
25           Purposes as amended, cooperative undertakings under Section 33 of  
26           Republic Act No. 7160, and other contractual arrangements provided for  
27           under existing laws, rules, regulations as well as the LGUs' respective  
28           charters for the establishment of WTE facilities: Provided, That WTE  
29           projects submitted to the Investment Coordinating Committee pursuant to  
30           Republic Act No. 6957, as amended, shall be acted upon within thirty (30)  
31           working days from submission: Provided further. That failure to act within  
32           the prescribed time frame shall deem such projects approved.

1 The national government shall provide support to all LGUs towards the effective  
2 implementation and the achievement of the policy objectives of this Act; Provided  
3 that the provision of support by the national government shall be compliant with  
4 the provisions all relevant laws, rules and regulations.

5  
6 *Sec. 11. Role of the Provincial Solid Waste Management Board.* -In addition to  
7 its powers and functions under Republic Act No. 9003, as amended, the Provincial  
8 Solid Waste Management Board shall:

9 (a) Integrate a WTE strategy, if feasible, in the Provincial Solid Waste Management  
10 Plan taking into consideration the Local Government Solid Waste Management  
11 Plans of all its component cities and municipalities;

12 (b) Recommend potential locations for WTE facilities in the Provincial Solid Waste  
13 Management Plan;

14 (c) Identify and recommend, or direct pursuant to Section 10 of this Act, clustering  
15 of component cities and municipalities for a common WTE facility, based on the  
16 Local Government Solid Waste Management Plans of all its component cities  
17 and municipalities;

18 (d) Provide the necessary logistical and operational support to component cities  
19 and municipalities who have the potential to be clustered, have decided to be  
20 clustered, or have been directed to be clustered pursuant to Section 10 of this  
21 Act, for a common WTE facility;

22 (e) Coordinate the efforts and oversee the implementation of the clustering of  
23 component cities and municipalities for a common WTE facility; and

24 (f) Coordinate with other Provincial, City, and Municipal Solid Waste Management  
25 Boards in identifying possible inter- and intra- province clustering for a common  
26 WTE facility.

27  
28 *Sec. 12. Role of the City or Municipal Solid Waste Management Board.* - In  
29 addition to its powers and functions under Republic Act No. 9003, as amended, the  
30 City or Municipal Solid Waste Management Board shall integrate a WTE strategy, if  
31 feasible, in its Local Government Solid Waste Management Plan, and shall submit a  
32 copy thereof to the Provincial Solid Waste Management Board.

1           Sec. 13. *Role of the Public-Private Partnership Center.* – The Public-Private  
2 Partnership Center shall provide support to all LGUs towards the effective  
3 implementation and the achievement of the policy objectives of this Act in accordance  
4 with its mandate under existing laws, issuances, rules, and regulations.

5  
6           Sec. 14. *Permits and Licenses.* - The procedure for the issuance of permits and  
7 licenses for all kinds of WTE facilities shall be governed by Republic Act No. 11234,  
8 otherwise known as the Energy Virtual One-Stop Shop Act

9  
10          Sec. 15. *Prohibited Acts.* - The following acts are prohibited:

11         (a) For LGUs:

12  
13           (i) Failure to include, if feasible, and implement, if applicable, the WTE strategy  
14                 in their respective Local Government Solid Waste Management Plans, and

15           (ii) Failure to perform the responsibilities in Section 10 on the Role of Local  
16                 Government Units, Section 11 on the Role of the Provincial Solid Waste  
17                 Management Board, and Section 12 on the Role of the City or Municipal  
18                 Solid Waste Management Board;

19         (b) For government agencies, failure to perform the powers and functions indicated  
20                 under Section 6 on the National Solid Waste Management Commission, Section  
21                 7 on the Role of the Department of Energy, Section 8 on the Role of the  
22                 Department of Environment and Natural Resources, and Section 9 on the Role  
23                 of the Department of Health; and

24         (c) For WTE facilities:

25           (i) Failure to comply with the responsibilities in Section 5 on Waste-to-Energy  
26                 and Waste-to-Energy Facility, and

27           (ii) Use of imported municipal solid waste as WTE feedstock for a WTE facility.

28  
29          Sec. 16. *Penalties.* - Without prejudice to civil and criminal liability, the following  
30 persons found to have violated the Sections mentioned below shall be meted with the  
31 following penalties:

32         (a) Officials of LGUs who violate Section 15(a):

- 1 (i) First offense: six (6) months suspension,  
2 (ii) Second offense: Dismissal from service, perpetual disqualification from  
3 holding public office, and forfeiture of retirement benefits;  
4 (b) Officials of government agencies who violate Section 15(b) shall suffer dismissal  
5 from service, perpetual disqualification from holding public office, forfeiture of  
6 retirement benefits, and imprisonment for one (1) to six (6) years with a fine  
7 of not less than Five hundred thousand pesos (P500,000.00) but not more than  
8 Two million pesos (P2,000,000.00);  
9 (c) Any person who violates Section 14(c)(i):  
10 (i) First offense: Fine of One million pesos (P1,000,000.00) and an amount  
11 not less than ten percent (10%) but not more than fifteen percent (15%)  
12 of the net annual income during the previous year,  
13 (ii) Second offense: The same penalties as with the first offense including  
14 an additional penalty of imprisonment of a minimum period of one (1)  
15 year but not to exceed three (3) years,  
16 (iii) Third offense: The same penalties as with the second offense and  
17 permanent revocation of the license of the WTE facility;  
18 (d) Any person who violates Section 14(c)(ii) shall pay a fine of One million pesos  
19 (P1,000,000.00) and an amount not less than ten percent (10%) but not more  
20 than fifteen percent (15%) of the net annual income during the previous year,  
21 and shall suffer imprisonment of a minimum period of one (1) year but not to  
22 exceed three (3) years and permanent revocation of the license of the WTE  
23 facility. The same person shall repatriate the imported municipal solid waste to  
24 its country of origin.

25 For Section 14, if the violation is committed by a corporation, partnership, or  
26 other juridical entity duly recognized in accordance with the law, the chief  
27 executive officer, president, general manager, managing partner, or such other  
28 officer-in-charge shall be liable for the commission of the offense penalized  
29 under this Act.  
30

31 *Sec. 17. Incentives.* - WTE facilities, depending on their output, shall be entitled  
32 to avail of the incentives under Republic Act No. 9367 otherwise known as the Biofuels

1 Act of 2006 and Republic Act No. 9513 otherwise known as the Renewable Energy Act  
2 of 2008

3

4       Sec. 18. *Establishment of Dedicated Offices.* - The DOE, DENR, DOH and  
5 NSWMC shall establish dedicated offices for the effective implementation of this Act.  
6 The organizational structure and staffing complement shall be determined by the  
7 Secretaries of DENR, DOE, and DOH, in consultation with the Department of Budget  
8 and Management, and in accordance with existing civil service rules and regulations.  
9 The budgetary requirements necessary for the establishment of the dedicated offices  
10 shall be taken from the current appropriations of DOE, DENR, DOH and NSWMC.  
11 Thereafter, the funding for the dedicated offices shall be included in the annual  
12 General Appropriations Act.

13

14       Sec. 19. *Appropriations.* - The amount of Fifteen million pesos (P15,000,000.00)  
15 for DOE, Three hundred million pesos (P300,000,000.00) for DENR, Forty five million  
16 pesos (P45,000,000.00) for DOH, and Twenty seven million (P27,000,000.00) for  
17 NSWMC for the initial implementation of this Act shall be charged against the current  
18 year's appropriations of the DOE, DENR, DOH, and NSWMC respectively. Thereafter,  
19 such amounts necessary for the sustainable implementation of this Act shall be  
20 included in the Annual General Appropriations Act.

21

22       Sec. 20. *Congressional Oversight* - The Joint Congressional Energy Commission  
23 (JCEC), created under Republic Act No. 9136 and renamed under Republic Act No.  
24 11285, shall exercise oversight powers over the implementation of this Act. The  
25 Chairpersons of the Committee on Environment and Natural Resources of the Senate  
26 and the House of Representatives shall be automatic members of the JCEC.

27

28       Sec. 21. *Implementing Rules and Regulations.* - The DOE together with the  
29 DENR in consultation with DOH, NSWMC, Department of Interior and Local  
30 Government, LGUs, and public and private stakeholders, shall issue the implementing  
31 rules and regulations of this Act within ninety (90) calendar days upon its effectivity.

1            *Sec. 22. Separability Clause.* -If any portion or provision of this Act is declared  
2 unconstitutional, the remainder of this Act or any provisions not affected thereby shall  
3 remain in force and effect.

4  
5            *Sec. 23. Repealing Clause.* - Any law, presidential decree or issuance, executive  
6 order, letter of instruction, rule or regulation inconsistent with the provisions of this  
7 Act is hereby repealed or amended accordingly.

8  
9            *Sec. 24. Effectivity Clause.* -This Act shall take effect fifteen (15) days following  
10 its complete publication in the Official Gazette or a newspaper of general circulation.

11            Approved,
